

# E7

# NOW AND THEN

FORMÅL	MATERIALER	OPDELING AF ELEVER
At give eleverne øvelse i at identificere tiden i en sætning. At skelne mellem: - nutid/udvidet nutid - datid/udvidet datid - førnutid/førdatid Omskrivning ift. tider og synonymer.	- I/Sætninger i nutid/datid - II/Sætninger i førnutid/førdatid - 5 skilte - Liste med 100 'irregular verbs' - Arbejdsark (kopi/www)  * Kraftige elastikker * Evt. adgang til ordbog	Pararbejde eller individuel træning.  <b>TIDSFORBRUG</b>  30-45 min.

## INSTRUKTION:

### Akt. 1

- 👤 Sæt de 5 skilte op på endevæggen eller læg dem på gulvet et godt stykke fra eleverne, som sættes sammen i par med elastikker om knæ eller ankler, så de til sammen har '3 ben'. Sætningskortene ligger med bagsiden opad foran parrene.
- 👤 Opgaven går nu ud på at tage en sætning, læse den sammen og tage stilling til, hvilken tid det understregede udsagnsord står i. Når de er blevet enige, skal de begive sig hen til det rette skilt for at lægge kortet under eller ved siden af.
- 👤 For hvert skilt skal de bevæge sig derhen på følgende måde:
  - **PRESENT TENSE/NUTID:** Gå lige frem
  - **PRESENT PERFECT/FØRNUITID:** Gå med siden til med ansigtet mod hinanden
  - **PAST TENSE/DATID:** Gå baglæns (gerne *moonwalk*)
  - **PAST PERFECT/FØRDATID:** Gå med siden til med ryggen til hinanden
  - **WE NEED TO TALK:** Frit løb (skiltet her er til de sætninger, der har skabt tvivl undervejs)

Alt efter tid og niveau kan I evt. vælge kun at arbejde med nutid/datid fra bunke 'I' og altså udelade kortene med førnutid/førdatid fra bunke 'II' og de respektive skilte.

### Akt. 2:

Sætningerne omskrives ved hjælp af synonymer, så meningen er nogenlunde den samme, men med et nyt udsagnsord. Brug arbejdsarket.

### Akt. 3:

Sætningerne omskrives til en anden tid, så bøjningerne bliver trænet. Brug arbejdsarket.

### Akt. 4:

Ud fra listen med 'Irregular verbs' vælges der f.eks. 5 forskellige, som man skal lave sætninger med eller bare bøje i en aftalt tid. Brug arbejdsarket.
