DO YOU AGREE?

FORMÅL	MATERIALER	OPDELING AF ELEVER
Samtale, ordforråd og brug af faste vendinger i forbindelse med argumentation og diskussion.	- Store kort med et udsagn på hver side - 8 'HELP ME, PLEASE!'-kort (Lav lidt ekstra kort, hvis I med flere voksne har mulighed for at køre flere battles på samme tid.)	Grupper à 3-4 personer, som skal battle mod hinanden. Resten af klassen er deltagende og støttende publikum.
Træning af formuleringsevne, forståelse, udtale, ordforråd og faste vendinger.	* Stopur	TIDSFORBRUG 20-45 min.

INSTRUKTION:

Denne aktivitet kan enten bruges som et lille afbræk i undervisningen, hvor en enkelt battle sættes hurtigt op foran resten af klassen, eller som en hel lektion med skiftende hold. I begge tilfælde en god mulighed for at træne formuleringsevne, forståelse, udtale, ordforråd og faste vendinger.

- 👤 To grupper stiller sig op med front mod hinanden. Gerne med siden til publikum, som opfordres til selv at tage noter undervejs, så de kan spørge ind til noget eller selv kommentere senere.
- 👤 Foran hver gruppe lægges et **'HELP ME, PLEASE!'**-kort, som kun må bruges en enkelt gang af hver elev under battlen. Kortet giver mulighed for at bede læreren eller publikum om et ord eller udtryk, man ikke kender eller kan huske på engelsk, og giver derfor mulighed for at få samtalen skudt i gang, fortsætte længere eller måske skifte retning.
- 👤 Du står mellem de to grupper med et stort kort, hvorpå der er skrevet et udsagn. Når du har læst udsagnet højt to gange, lægger du det mellem dem, så de begge kan læse det.
- 👤 Grupperne skal nu diskutere emnet i f.eks. 3 minutter på en af følgende måder:
 - 👤 Du bestemmer, at den ene gruppe er for og den anden imod udsagnet, hvorefter de skal springe direkte ud i at argumentere.
 - 👤 Hver elev i hver gruppe kan have sin egen holdning, og diskussionen flyder frit.

Under alle omstændigheder bør der aftales en talerække, så du sikrer, at kun én elev taler ad gangen, og det skifter mellem grupperne, så alle kommer til orde.

NB!

Alt efter dine elevers niveau og mod, kan du evt. lade dem diskutere emnet på dansk først i et par minutter. Således kan deres holdninger komme til udtryk, og de kan måske få et par hjælpeglosser og sætningsstartere, som de så skal benytte i den efterfølgende battle.

De kan også få hjælp fra publikum, så alle involveres fra start.
